Re: **Extension of Comment Deadline for Letter of Notice for Development of a Proposed Amended Section 501.3 of the ISO rules, Abbreviated Needs Approval Process (“Section 501.3”)**

Further to a Stakeholder request, the Alberta Electric System Operator (“AESO”) is providing the attached spreadsheet, listing the approximately 100 connection projects filed since July 2015 and their associated costs, as referenced in the *Letter of Notice for Development of a Proposed Amended Section 501.3 of the ISO rules, Abbreviated Needs Approval Process* posted on September 1, 2021. The AESO is also extending the deadline for comments to Friday, October 8, 2021.

Please use the original *Stakeholder Comment Matrix* when submitting comments to the AESO. Adherence to deadlines is essential to the integrity of the ISO rules comment process. As such, any Stakeholder comments received after October 8, 2021, may not be published, replied to, or otherwise considered by the AESO.

The AESO will post all comments it receives on the AESO's website.
