## PER-006 Supplemental Information

### ID #2021-008

Information documents are not authoritative. Information documents are for information purposes only and are intended to provide guidance. In the event of any discrepancy between an information document and any authoritative document<sup>1</sup> in effect, the authoritative document governs.

#### 1 Purpose

This information document relates to the following authoritative document:

- Reliability Standard PER-006-AB-1, *Specific Training for Personnel*

The purpose of this information document is to provide a list of additional facilities that the Alberta Electric System Operator (“AESO”) must maintain pursuant to the Applicability section and in accordance with the process set out in Appendix 1 of the reliability standard PER-006-AB-1.

#### ***Appendix 1 – List of Additional Facilities***

#### Revision History

Posting Date	Description of Changes
2022-06-29	Initial release

---

<sup>1</sup> “Authoritative document” is the general name given by the AESO to categories of documents made by the AESO under the authority of the *Electric Utilities Act* and associated regulations, and that contain binding legal requirements for either market participants or the AESO, or both. Authoritative documents include the ISO rules, the reliability standards, and the ISO tariff.

*Appendix 1 – List of Additional Facilities*

The following is the list of additional facilities that the Alberta Electric System Operator (“AESO”) must maintain pursuant to the Applicability section and in accordance with the process set out in Appendix 1 of the reliability standard PER-006-AB-1.

**Table 1 – List of Additional Facilities**

<b>Applicability Section</b>	<b>Facility</b>	<b>Effective Date</b>
Operator of a generating facility pursuant to subsection 2(a)(ii)(A)	None at this time	
Operator of an aggregated generating facility pursuant to subsection 2(b)(ii)(A)	None at this time
