("Stakeholders")

Re: Session 1 Format for September Stakeholder Consultation Sessions on Draft Proposed Amendments to ISO Rules and Definitions to Enable Energy Storage ("Energy Storage ISO Rule Amendments")

On August 18th, 2022, the AESO posted an invitation for the Energy Storage ISO Rule Amendment Stakeholder Sessions and asked stakeholders to indicate through the registration link whether they will attend the Session 1 in-person or virtually.

The number of in-person registrations exceeded the AESO's room capacity limitations and, unfortunately, the AESO was unable to secure another location to conduct a hybrid session. Therefore, Session 1 will be moved to a virtual session. Registration will remain open until the session for those who have not yet registered, details are provided below.

Session 1

Date: September 13, 2022

Time: 9:00 a.m. to 3:30 p.m.

RSVP details: You must pre-register by clicking the secure link [here](#) to participate in Stakeholder session 1.

Sincerely,

Jackie Gow
