4 - Medicine Hat

P2232 Proposed Transmission Development - Area Transmission System

Future Solar Generator	69 or 72 kV Substation	138/144 kV
Gas Generator	138 or 144 kV Substation	138/144 kV Double Circuit
Wind Generator	240 kV Substation	240 kV
Other Generator	Future 240 kV	240 kV Double Circuit
Future 240 kV Substation	69/72 kV	P2232 Project Area
		AESO Planning Areas

This diagram contains a simplified version of the system configuration. Technical detail has been simplified for illustration purposes. It does not indicate geographical locations of facilities.
