

Date: November 1, 2021

Company name (if applicable): **Alberta Electric System Operator**

## Needs identification document approval cancellation

### Cancellation application requirement (CT1)

Provide the approval number to be cancelled and the rationale for the cancellation:

The AESO requests cancellation of the following needs identification document (NID) approvals:

- NID Approval Number U2011-262, which includes the addition of the Currant Lake 896S substation, one 144 kV circuit and associated facilities; and
- NID Approval Number U2011-263, which includes the addition of the Armitage 949S substation, one 144 kV circuit and associated facilities.

The AESO is requesting cancellation of the above noted NID approvals because the associated requests for system access service were cancelled at the request of the market participant, ATCO Electric Ltd. Therefore, there is no longer a need for the transmission facilities included in U2011-262 and U2011-263.

## Transmission line, substation and other transmission facility cancellation

### Cancellation application requirement (CT2)

Provide the permit and licence number to be cancelled:

### Cancellation application requirement (CT3)

Provide the connection order number to be cancelled, if applicable:

### Cancellation application requirement (CT4)

Provide a letter from the independent system operator endorsing the cancellation. [Please submit along with your application].

### Cancellation application requirement (CT5)

Describe whether any work on the construction of the transmission line or substation has been started, and if so, describe the extent of the work:

### Cancellation application requirement (CT6)

If any work on the construction of the transmission line or substation has been started, describe how the site will be reclaimed:

### Cancellation application requirement (CT7)

Confirm that personal notification was provided to occupants, residents, landowners and any other utilities or stakeholders and Indigenous groups on or directly adjacent to the project right-of-way or location:
