2. Please respond to the questions below and provide your specific comments.
3. **Please submit one completed matrix per organization.**
4. Email your completed comment matrix to tariffdesign@aeso.ca by **Sept. 18, 2020**.

The AESO is seeking comments from Stakeholders with regard to the following matters:

	Questions	Stakeholder Comments
1.	Please provide your input on the proposed agenda for the Bulk and Regional Rate Redesign Session 2 scheduled for Sept. 24, 2020.	ADC and IPCAA would appreciate receiving the presentation materials in advance of the session in order to better understand the options the AESO is proposing. ADC and IPCAA also suggest including real examples so that loads can gain a better understanding of the options and potential impact on transmission costs.
2.	Additional comments	ADC and IPCAA would also appreciate a preliminary analysis on the cost impacts that the various options would have on different classes of customers (i.e. Standby, interruptible, DOS).

Thank you for your input. Please email your comments to: tariffdesign@aeso.ca
