Re: AESO Discussion Paper Regarding the Proposed New Substation Rule – Section 502.11 of the ISO rules (“Section 502.11 Discussion Paper”)

The Alberta Electric System Operator (“AESO”) is seeking feedback from market participants and other interested parties on the attached Section 502.11 Discussion Paper.

Please provide comments or questions in the attached Market Participant Comment Matrix no later than January 6, 2017 to rules_comments@aeso.ca. Note that late comments may not be considered by the AESO.

While the AESO does not intend to post replies to stakeholder comments received on the Section 502.11 Discussion Paper, the AESO will consider these comments when drafting the proposed new substation rule.
