

September 10, 2020

To: Market Surveillance Administrator, Market Participants and Other Interested Parties (“Stakeholders”)

Re: **Late Stakeholder Comments on the Request for Additional Feedback from the Consultation Session on the Development of the Following Proposed New and Amended ISO Rules and Reliability Standards:**

- 1) Proposed amendments to Section 502.4 of the ISO rules, *Automated Dispatch and Messaging System and Voice Communication System Requirements* (“Section 502.4”);
- 2) Proposed new Section 502.17 of the ISO rules, *Voice Communication System Requirements* (“Section 502.17”);
- 3) Proposed new Alberta Reliability Standard COM-001-3, *Communications* (“COM-001-AB-3”); and
- 4) Proposed new Alberta Reliability Standard COM-002-AB-4, *Operating Personnel Communication Protocols* (“COM-002-AB-4”),

collectively referred to as the (“communication ISO rules and reliability standards”).

On September 9, 2020, the Alberta Electric System Operator (“AESO”) received late written comments on the proposed communication ISO rules and reliability standards from TransAlta Corporation.

The following table is hyperlinked to provide assistance in directing Stakeholders to the written comments.

communication ISO rules and reliability standards
<a href="#">TransAlta Corporation</a>

The AESO is of the view that adherence to deadlines is an integral part of a fair and efficient ISO rules comment process. Stakeholder comments received after a specified deadline are considered at the AESO’s discretion.

Sincerely,

*Melissa Mitchell-Moisson*

Regulatory Administrator
