The AESO is seeking comments from stakeholders on its proposal for modifications to the AESO Connection Project List, and the addition of a project map.

- 1. Please fill out the section above as indicated.*
- 2. Please respond to the questions below and provide your specific comments.*
- 3. Email your completed matrix to stakeholder.relations@aeso.ca by Oct. 16, 2020*
- 4. Stakeholder comments will be published to aeso.ca, in their original state, with personal or commercially sensitive information redacted, following Oct. 16, 2020. The AESO will not be responding directly to any submissions, but submission feedback will be considered for the final product.*

	Questions	Stakeholder Comments
1.	<p>The AESO has proposed an ISD Under Review process to flag projects on the list that are reevaluating their in-service date. Do you have any comments related to this proposal? Are there potential impacts that should be considered? And why?</p>	
2.	<p>The AESO has proposed adding the status categories and inclusion column to provide more information on the progress of projects. Does this provide adequate visibility on project progress? If not, please explain, or provide any other comments you have on these new additions.</p>	<p>The "applied on" / "entered queue" date should be kept as this allows developers to get a better sense of how long a project has been on hold.</p>
3.	<p>Do the proposed project list changes provide more confidence in the accuracy of in-service dates? If not, please provide your comments.</p>	
4.	<p>Projects may have multiple energizations that span significant periods of time. The AESO is proposing to include this information in additional columns. Do you prefer this approach? If not, please explain how you would like projects with multiple energizations to be presented.</p>	<p>The "applied on" / "entered queue" date should be kept as this allows developers to get a better sense of how long a project has been on hold.</p>
5.	<p>The AESO is proposing to include projects that have energized or cancelled in the previous three months on the list and map. Do you agree with this proposal? If not, please describe any additional options you would recommend.</p>	<p>Yes – supportive for transparency and development</p>
6.	<p>The AESO is proposing to provide stakeholders with an interactive map of projects on our website. Do you have any feedback related to the proposed project map?</p>	
7.	<p>Please explain in detail any additional features, functionality, or information that you would like to see made available on the project map.</p>	
8.	<p>The AESO has provided guides for both the project list and map. Does the content of these guides cover any questions you may have? If not, please describe how they could be improved.</p>	

	Questions	Stakeholder Comments
9.	<p>Currently the AESO provides a collection of historic project lists on the website.</p> <p>Do you find this historic information of value? Would providing only the current month project list be sufficient?</p>	
10.	<p>Please provide any additional comments or feedback you have related to the AESO's proposed project list and map.</p>	

Thank you for your input. Please email your comments to: stakeholder.relations@aeso.ca.
