To: Market Surveillance Administrator, Market Participants and Other Interested Parties
("Stakeholders")

Re: Stakeholder Comments on the Request for Additional Feedback from the Consultation Session on the Development of the Following Proposed New and Amended ISO Rules and Reliability Standards:

- 1) Proposed amendments to Section 502.4 of the ISO rules, *Automated Dispatch and Messaging System and Voice Communication System Requirements* ("Section 502.4");
- 2) Proposed new Section 502.17 of the ISO rules, *Voice Communication System Requirements* ("Section 502.17");
- 3) Proposed new Alberta Reliability Standard COM-001-3, *Communications* ("COM-001-AB-3"); and
- 4) Proposed new Alberta Reliability Standard COM-002-AB-4, *Operating Personnel Communication Protocols* ("COM-002-AB-4"),

collectively referred to as the ("communication ISO rules and reliability standards").

The Alberta Electric System Operator ("AESO") received comments from Stakeholders in response to the July 28, 2020, Letter of Notice for additional feedback on draft Proposed New and Amended Communication ISO Rules and Reliability Standards. These comments have now been posted on the AESO website.

The following table is hyperlinked to help in directing Stakeholders to these written comments.

Comments on Proposed New and Amended Communication ISO Rules and Reliability Standards
ATCO Electric Ltd.
Capital Power Corporation
ENMAX Corporation
ENMAX Power Corporation
TransAlta Corporation

The AESO would like to use this opportunity to thank all Stakeholders who participated in this part of the ISO rules and reliability standards comment process. All written comments received will be taken into consideration during the AESO's development of the proposed new and amended communication ISO rules and reliability standards.

Sincerely,

"Melissa Mitchell-Moisson"
