Re: **Updated Notice of Stakeholder Consultation Session on the Development of the Proposed New Section 502.11 of the ISO Rules - Substation Technical and Operating Requirements ("Section 502.11")**

Further to the *Invitation to the Stakeholder Consultation Session on the Development of the Proposed New Section 502.11 of the ISO Rules – Substation Technical and Operating Requirements ("Section 502.11")*, dated August 20, 2019, this notice provides revised details regarding the upcoming September 24, 2019 Stakeholder consultation session ("September 24 session"), including updated start time and agenda.

Purpose

The purpose of the September 24 session is to continue to review and discuss the [initial draft](#) of the proposed new Section 502.11, which has been posted on the AESO website. At the September 10, 2019 Stakeholder consultation session ("September 10 session"), Stakeholders were given an opportunity to ask questions and give feedback on subsections 1 to 9(4) of the proposed new Section 502.11, including feedback regarding the information required in subsections 7.2(b) through 7.2(j) of Alberta Utilities Commission Rule 017, *Procedures and Process for Development of ISO Rules and Filing of ISO Rules with the Alberta Utilities Commission*.

The September 24 session will resume where the September 10 session left off. The presenters will review the remaining subsections 9(5) to 18 of the proposed new Section 502.11.
