

# ISO Tariff – Rider F

## Balancing Pool Consumer Allocation Rider

### Applicability

**1(1)** Rider F applies to **system access service** provided under:

- (a) Rate DTS, *Demand Transmission Service*; and
- (b) Rate DOS, *Demand Opportunity Service*.

**1(2)** Notwithstanding subsection 1(1) above, Rider F does not apply to **system access service** provided to:

- (a) the City of Medicine Hat; or
- (b) BC Hydro at Fort Nelson, British Columbia.

**1(3)** Rider F applies in all **settlement periods** from January 1, 2025 to December 31, 2025.

### Rider

**2** The **ISO** must determine Rider F as a charge of \$1.30/MWh of **metered energy** during the **settlement period**.

### Terms

**3** The terms and conditions of the **ISO tariff** form part of this rider.
